Available Options		OPTION NOTES
A. At time of laptop purchase, add extra battery and extra charger	\$ 124.90	CFF monies are not authorized for Available Options A-G. These options can only be purchased with school district funds. Additionally, schools must use a separate purchase order when procuring options. Schools will no longer be authorized to increase laptop on-site warranty to 4 years.
B. Extra Battery charger	\$ 77.42	
C. Extra 9 cell battery	\$ 63.44	
D. Extra 6 cell battery	\$ 47.48	
E. At time of purchase, add 1GB memory	\$ 50.00	
For installation of component items outside of the classroom package, schools will arrange for installation through their own suppliers.		
F. Promethean Whiteboard Option 1 - Interactive white board installation concurrent with standard classroom package installation:		

General board installation (not including configuration/overview)	\$110.00
Above install, configure with projector/wireless plus overview:	\$195.00
G. Promethean Whiteboard Option 2 - Interactive whiteboard installation (not concurrent with standard classroom installation):	
General board installation (not including configuration/overview)	\$165.00
Above install, configure with projector/wireless plus overview:	\$300.00

Notes:

1. Each school's dedicated CDW-G Account Manager will provide the school with a freight price at the time of order to be included as a line item on the school's purchase order and resulting invoice. Freight charges will be a pass through on classroom shipments.
2. Installation is included in all standard CFF classroom orders. A standard classroom includes 11-30 laptop units, 2 access points and quantity 1 of the component items. If schools require a classroom purchase with less than 11 laptop units, \$25.84 will be charged per unit less than 11.
