To Whom It May Concern:

Please be advised that Raritan Computer, Inc. has designed all its KVM switches and related accessory products to be compliant with the provisions of Section 508 of the Rehab Act, Electronic and Information Technology Accessibility for Persons with Disabilities. Federal employees with disabilities have access to and use of the functionality provided by Raritan products that is comparable to the access and use by Federal employees who are not individuals with disabilities. No Raritan product in use at a Federal agency will cause members of the public with disabilities seeking services from that agency to have less access to and use of information than the access to and use of information available from that agency to members of the public who are not individuals with disabilities.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Pollack".

Robert Pollack  
Vice President, Sales
