

Try it now! No cost — No risk. FREE 60-day product trials!

Highlights

- Evaluate Sun product and solutions against the competition without financial investment or obligation
- Choose from a wide range of Sun products
- Run multiple OSs, including Solaris, Linux, Windows and VMware
- Benefit from a full 60-day trial in your production environment
- Reduce risk by testing for application compatibility, power consumption, security and availability before committing to buy
- Products include warranty support for the duration of the trial
- Try Solaris™ 10 and Sun Java™ System software included with Sun hardware
- Apply online
- Option of purchasing product at end of trial or returning it at no cost to you
- Offer available to companies, partners, governments and individuals (trials subject to approval)

Sun's Free Product Trial offer is proof of Sun's commitment to helping you get the most from Sun technology. It gives you the opportunity to test the very latest products and solutions for your business: absolutely free, for a full 60 days, with no obligation to buy. There's no better way to make a knowledgeable technology investment for your business.

Why Sun free product trials?

Sun free product trials offer a unique opportunity to evaluate the latest Sun products and solutions, right in your datacenter, for a full 60 days. There's absolutely no charge, no risk, and no commitment for the trial.

This is just part of our commitment to making it easy for you to test Sun's new products and solutions. We know it's the best way to show you what our solutions can do for your business. Over the coming months, we'll be adding more products to the program to give you maximum choice.

Who's it for?

You don't have to be a Sun customer to take part in the Sun's Free Trial offer—in fact, if you've never tried a Sun product, now's the perfect opportunity. Whether you're a programmer looking for a development platform, a CTO running a large datacenter, or a Sun reseller partner interested in evaluation products for your customers, this trial offer is for you.

So what's in it for me?

You don't pay a thing, there's no risk, and there's no obligation to keep the trial unit if you don't want to. You won't even have to pay to return it, we'll take care of that. Quite simply, we created the Sun free trial offer to show you the benefits of Sun products and solutions, first-hand. Our solutions have never been better! Find out more online at sun.com/tryandbuy.

What's included?

Every trial product comes complete with standard warranty and online support, a Getting Started guide, and technical documentation. This gives you access to tuning hints and tips from Sun's performance engineers.

How do I get one?

Taking part is easy. Complete the short online qualification form at sun.com/tryandbuy and you will receive a confirmation within five business days. After the 60 days are up, you can buy the product, or box it back up in the original packaging and ship it to us. Find out more at sun.com/tryandbuy
