

Privacy and protection never looked so good.

3M Privacy Filters offer unmatched protection and increased clarity for a dynamic viewing experience. While looking at the screen straight on, users see a crisp, readable display—but from the side, onlookers are blocked from view.

3M™ Black Frameless Privacy Filters

See for yourself, while keeping prying eyes in the dark.

3M Black Privacy Filters allow you to work privately in public spaces. 3M privacy technology darkens on-screen data when viewed from the side, yet when viewed straight on, it delivers a higher clarity than competitive filters.

- Privacy technology darkens on-screen data when viewed from the side.
- Blocks unauthorized users from viewing on-screen data.
- Anti-reflective surface reduces screen glare and reflections.
- Easy-to-clean, durable, scratch-resistant surface.
- Excellent for open, high-traffic environments.
