

Work Smarter, Play Harder

The BlackBerry® PlayBook™ tablet is as serious about business and productivity as it is about music, movies, games and fun.

The Big Screen

With a sharper screen than the iPad, the BlackBerry PlayBook tablet gives split-screen email and other apps a widescreen movie experience on its 7" screen.

Powerhouse

A Dual Core 1GHZ Processor and 1GB of RAM means the BlackBerry tablet handles anything you can throw at it with ease. The whole web plus graphic-rich movies and applications come to life.

Smile

Cameras front and rear allow for flexibility. The rear 5MP cam lets you shoot ultra sharp stills. The front 3MP cam gives you super-clear video chats with clients, colleagues or your family. Both the front and rear cameras shoot HD videos.

Super Portable

The High-Res screen belies its size; the BlackBerry PlayBook tablet fits in a purse, jacket pocket, briefcase or messenger bag, and at 425g it weighs less than a pound.

Connected

HDMI out lets you plug into a projector or HDTV to give a multimedia presentation. Or watch a full 1080p movie in your downtime, straight from the BlackBerry tablet.

QUICK STATS

The BlackBerry Playbook scores with these features:

425	5.0	7"	1GHZ	1080P
GRAMS WEIGHT	MP CAMERA	TOUCH SCREEN	DUAL CORE PROCESSOR	HD VIDEO

BlackBerry PlayBook™

Built for Business

The tried and true QNX® platform provides the superior performance you want, real-time responsiveness and true multitasking.

Unleash The Web

Built-in support for Adobe® Flash® Player, and HTML5, means media-rich websites, streaming videos and more. You get the same web experience on the tablet as you get on your desktop computer.

True Multitasking

Go beyond just app switching. Keep up with email messages while reviewing business dashboards, downloading content and streaming music. Move between apps quickly and easily while they continue to run in the background.

Security Without Sacrifice

Connect through BlackBerry® Bridge™ for secure wireless access to your email, BBM™, calendar, address book and more. Enterprise VPN support lets you access files on your computer using a secure Wi-Fi connection. Set a password and all your information is safe and sound.

Business Ready

While the BlackBerry PlayBook has a fun side with games, video, Facebook® and Twitter® apps, it's all business. You can complete the annual report or securely email your team with the quarterly sales figures. Document viewing and editing are included using Documents to Go®.

Support

It's easy to protect your BlackBerry investment. Your BlackBerry® Technical Support Services contract is based on the number of active users, which means you're covered whether your deployment is all BlackBerry smartphones or also includes BlackBerry PlayBook tablets.
