

# The right network to meet your business needs.

And cash-back offers to boost your bottom line.

With great offers available from Cisco®, you can build the right network for your company. Globally tried and tested Cisco products can help you improve your productivity, security, and efficiency. Working together, we can build a network that transforms your business.

Why you should buy:

- Receive cash back on select Cisco products including security, routing, switching, and wireless solutions.
- Add three years of SMARTnet world-class service for the price of two.
- Take advantage of available financing options.

As your Certified Cisco Reseller, we can help you take advantage of these savings and boost your network's reliability and performance. Together with Cisco, we can help you prepare for the business demands of today and the future.

The right network changes everything.

Act soon. These offers are available for a limited time only. For more information, contact your CDW account manager at 800.972.3922
