

Surface for Education

Surface brings all the best tools for teaching and learning together in one device. It has the full power of a laptop in a lightweight touchscreen tablet form. And, with best-in-class digital inking capabilities, Surface can replace pen and paper in your classroom.

Pen and paper. Evolved.

Surface provides a precise, on-screen digital pen input that enhances student learning through handwritten note taking. It allows students to more accurately express their ideas and gives them the freedom to solve complex problems and equations.

Any learner, any age

Cater to any learning style or any age with one device. Create personalized learning experiences for each student through all forms of learning activities—reading, writing, presenting, recording, touching, and typing.

Ultra mobile

Surface supports student learning anytime, anywhere. At only 1.4 pounds and 10.8 inches, Surface 3 is lightweight and thinner than most books—making it easy to carry. With built-in Wi-Fi and 4G LTE2 available, students can do their work on the bus, at home, and at school.

"Adding a precise, on-screen digital pen increases a student's ability to produce appropriate ideas, solve problems correctly, communicate and build on complex ideas, make accurate inferences about information, and learn during note taking and knowledge creation."

— Sharon Oviatt, PhD in Experimental Psychology and author of *The Design of Future Educational Interfaces*

Introducing OneNote Class Notebooks

A framework for teach and learning using Office 365

Teachers and students now have everything in one location: homework, exams, handouts, and more. OneNote allows seamless content delivery and a collaborative, digital workspace. To learn more visit onenoteforteachers.com.

Create an efficient, secure learning environment

Surface and Windows provide the foundation for a consistent, controlled, and protected learning environment.

Security

TPM, BitLocker, Computrace

Manageable

Windows Intune, SCCM

Connected

WiFi, 4G LTE2, USB, micro USB

Support

3 or 4 year extended warranty and support plans

Student Privacy

Bing in the Classroom ad-free search, Windows Family Safety

Battery

9-10 hours¹

Get the most from Surface with these accessories

Docking Station

Easily transition to a complete desktop workstation.

Wireless Display Adapter

Present from anywhere in the classroom.

Type Cover

Click-in keyboard with trackpad doubles as a protective cover.

Pen

Write naturally.

Rugged Case

Protect your Surfaces with a variety of protective cases.

Charging Cart

Charge and secure multiple Surface devices at once.

The most portable, and the most powerful

Surface 3

Surface Pro 4

Surface Book
