EPSON®
EXCEED YOUR VISION

PRINTERS: Epson printers give you a variety of solutions to enhance productivity. For classroom, and departmental and central office use, these printers get "high marks!"

The efficient and affordable answer for demanding color printing environments. If you're looking for fast, high input paper capacity, and economical ink cost per color page, these are the printers you want.

Price \$292

Epson B-300 Color Ink Jet Printer

Designed for high-volume, desktop color printing.

- Boost your productivity—fast draft and copy speeds—up to 37ppm draft¹
- Save time reloading paper—front paper tray holds up to 500 standard weight letter-size sheets
- Print more, change cartridges less often—high capacity ink cartridges print about 3,000 pages (black) and 3,500 pages (color)²
- Economical ink cost—as low as 8¢ per color page²
- Accommodate envelopes, card stock, labels and more—via rear sheet feeder

Price \$485

Epson B-500DN Color Ink Jet Printer

Powerful, color printing productivity for desktop and network printing environments.

- Easily share among multiple classrooms or workstations—via Ethernet connectivity
- Support busy workgroups or classrooms—fast print speeds—up to 37ppm draft¹
- Print more, change cartridges less often—high capacity ink cartridges print about 8,000 pages (black) and 7,000 pages (color)²
- Economical ink cost—as low as 4¢ per color page (when using the highest capacity cartridges available for the printer)²

Achieve new heights in education with WorkForce™ printers and all-in-ones from Epson — a smart new line of products, engineered for classrooms and small business environments. Get laser quality output at laser fast speeds for prints that make every assignment look its very best. WorkForce printers blaze through critical documents at speeds about two times faster than those of competitive printers.¹ Why buy a laser printer when you can get so much for less, including the ability to wirelessly print and archive important assignments, or fax stacks of originals in seconds? Delivering laser quality text and brilliant color photos, WorkForce printers and all-in-ones are a great addition to any classroom. And, with their small, compact design, they fit in even the smallest of spaces. Best of all, these budget-conscious performers offer an extra high capacity black ink cartridge for high-volume printing at a price that's sure to please.

Price \$149

Epson WorkForce™ 600 Multi-Function

Print, copy, scan, fax, and more...for less in the classroom, the office, or academic department.

- Boost your productivity—fast draft and copy speeds—up to 38 ppm (black and color)¹
- Get speed without sacrificing quality—laser quality documents at about 2x the speed of competitive ink jet printers¹
- Easily network within your workgroup—built-in Wi-Fi® and Ethernet networking

Price \$99

Epson WorkForce 40 Printer

The color printing solution with built-in Wi-Fi.

- Save time—laser quality documents at about 2x the speed of leading competitive ink jet printers¹
- Speed through critical documents—draft print speeds up to 38 ppm¹ (black/color); laser quality black text up to 27 ppm¹
- Share one product with your whole workgroup—built-in Wi-Fi and Ethernet networking

The Epson Stylus® Photo 1400 produces brilliant prints up to 13" x 19" offering rich colors and details for photo enlargements, presentations, signs and other projects. The Epson Stylus Photo R1900 delivers vibrant, glossy, smudge and water resistant prints up to 13" wide by 44" long. Plus, the Epson Stylus Photo R1900 offers the ability to print on a wide range of papers such as glossy, luster, matte and fine art papers, even canvas!

Price \$244

Epson Stylus® Photo 1400

Make a big impact in the classroom and around the campus.

- Achieve amazing color and detail on glossy and matte papers—Claria dye-based ink
- Print the finest detail—up to 5760 x 1440 optimized dpi and droplets as small as 1.5 picoliter
- High quality photos—automatic color and lighting correction^{††}

Price \$467

Epson Stylus Photo R1900

Enhanced media versatility with superior gloss to showcase student and faculty work.

- Get superior glossy prints—Epson UltraChrome Hi-Gloss® 2-pigment ink
- Print photos with greater vibrancy—Epson's new Red and Orange ink cartridges produce better facial tones
- Create extra large prints—output as large as 13" wide and 44" long

[1] PPM speeds measured after first page, based on black and color text patterns in Draft Mode on plain paper. Additional print time will vary based on system configuration, software application and page complexity. See www.epson.com/printspeed for more information about print speeds.

[2] Based on highest capacity cartridges available for the printer. Cost per page is the combined cost of black and three colors, derived from the ink cartridge MSRP divided by cartridge yield. Cartridge yields are based on continuous printing of a suite of five black and color pages as required by ISO/IEC 24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the printer. Ink is used for both printing and print head maintenance. All inks are used for both black and color printing. For more information about yields see www.epson.com/cartridgeinfo. The B-500DN ships with standard-capacity ink cartridges.

[3] Draft pages per minute (ppm) speeds measured after first page, based on black and color text patterns in Draft Mode on plain paper. Laser quality pages per minute (ppm) speeds measured after first page, based on black text patterns in default mode on plain paper. Additional print time will vary based on system configuration, software application and page complexity. See www.epson.com/printspeed for more information about print speeds.

† Black text printing about two times faster compared to ink jet printers priced at \$125 or less, available as of April 2008. Based on independent test in default mode printing typical office documents.

†† Not available when printing using Mac OS X.

EPSON
EXCEED YOUR VISION

SCANNERS: Epson scanners give you flexibility, productivity, efficiency, and savings. They're top performers in the classroom, in the central office, and in specialized settings such as art studios, assessment offices, and student activity centers.

The flatbed scanning solution with exceptional image quality, that gives you the power to scan film or printed materials, create enlargements, and support a range of administrative and creative applications.

Epson Perfection® V500 Photo Scanner

Superior image quality and clarity combined with added workgroup productivity.

- Create extraordinary enlargements—13 x 19, 17 x 22 or larger from film with 6400 dpi
- Protect your investment—Digital ICE® technology removes dust and scratches
- Scan slides, negatives and medium-format film—built-in Transparency Unit
- Restore faded color photos—Easy Photo Fix® does it with one touch
- Achieve greater productivity and lower power consumption—energy-efficient, earth-friendly LED light source offers faster scans and requires no warmup time

WorkForce™ scanners are easy to use and offer high-speed document scanning for a wide variety of document types.

WorkForce™ GT-1500 Document Imaging Scanner

Take photos, images, and other student work to a high level.

- Achieve superior clarity and detail—remarkable 1200 x 2400 dpi resolution
- Enjoy greater productivity—scans up to 20 ppm
- Quickly scan stacks of documents—high capacity Automatic Document Feeder
- Conveniently scan books, magazines, and more—flatbed accommodates many 3-dimensional materials
- Easily organize scanned documents—document management software is included
- Take on any project with ease—one-touch scanning
- Scan originals in a variety of sizes—from 5.9 x 5.9 to 8.5 x 14
- Get more efficient earth-friendly operation with ReadyScan™ LED technology—no mercury, fast scanning speeds, uses less energy, no warmup time

WorkForce Pro GT-S80 Document Image Scanner

High-volume, sheet-fed efficiency for capturing critical documents.

- Boost your productivity—40 ppm, 80 ipm scan speeds¹; scans both sides of one sheet in just one pass
- Scan stacks of documents—75-page Auto Document Feeder
- Save time—ultrasonic double-feed detection determines if there are two documents going through at once, so you can avoid missed pages and time-consuming paper jams
- Tackle any task with versatile paper handling capabilities—scan business cards, rigid ID cards and documents up to 8.5 x 36 inches (accommodates different size documents all at one time)
- Get reliable performance—high-volume duty cycle of up to 1,800 sheets per day
- Enjoy one-touch scanning—2-line x 16-character front control panel with up to 10 user-definable scan jobs including scan-to-PDF and scan-to-email

[1] Based on 200 dpi, A4-size, with Speed Priority scanning mode
