

HP Easy Printer Care Software

Version 1.0

HP Easy Printer Care Software helps you easily maintain individual and groups of HP printers to keep them up and running at their best.

HP Easy Printer Care is a PC software tool designed for end users and the person who keeps your printers up and running. You can view the status of one or all of your supported HP printers, set up printer and supply alerts to your liking, generate printer usage reports, and reorder supplies from HP or a choice of resellers with just a few clicks. And, if you still need help, HP's support tools help you save time and money by quickly diagnosing and resolving printing problems and preventing problems before they happen.

Effortless printer upkeep

- **Simplify printer maintenance.** Easily monitor and maintain from one to fifteen supported HP printers simultaneously, making sure your office runs at peak efficiency.
- **Get help troubleshooting printers.** The software helps you quickly resolve printing issues through proactive alerts and integrated HP support tools:
 - **HP Instant Support links** provide relevant, personalized help by guiding you directly to the right page at www.hp.com, where you'll find the information you need to get back up and running.
 - **HP Software Update** proactively notifies you of driver and software updates so you'll always have the latest versions available.
- **Relax with automatic printer discovery.** The software automatically manages supported HP printers in your printers folder, so you can start monitoring printers right away. You also have the flexibility to search your network for additional HP printers.
- **Begin simplifying printer management today.** You don't have to jump through hoops to get HP Easy Printer Care Software. It is easy to download for free from www.hp.com/go/easyprintercare.

Protect your color investment

- **Track color printing.** Color has a definite business advantage when used appropriately. HP Easy Printer Care Software's printer usage reports, available with select HP printers, let you take an active role in protecting and optimizing your investment.
- **Take the guesswork out of printer usage.** Generate simple reports that let you track printing by user, printer, application, time and date, and color and black-and-white pages. It's the perfect tool to use to control costs and determine your company's specific printing needs.

Simple supplies ordering

- **Replenish your supplies easily and quickly.** Enjoy proactive alerts and a detailed, consolidated view of supplies status. With helpful information, such as status charts, estimated number of pages remaining for each cartridge, and supplies part numbers, reordering is simple, fast, and accurate. You can easily reorder supplies online from HP or a selection of resellers via links to HP SureSupply.

HP printing and imaging systems help you create powerful, professional communications easily. Printers, supplies, accessories, and services are designed together to work together and are invented to meet your business needs.
