Get breakthrough performance with Adobe Creative Suite 5.5 Production Premium software, a complete video solution that enables you to produce your best work. Take advantage of game-changing innovations like the Adobe Mercury Playback Engine and a distinctively efficient post-production workflow. A tightly integrated combination of best-of-breed video, animation, compositing, audio, and design tools provides the creative features you need to accelerate your workflow and deliver high-quality results.

Top reasons to buy Adobe Creative Suite 5.5 Production Premium

Native 64-bit operating system support—Work fluidly on HD and higher resolution projects using all the RAM on your system thanks to native 64-bit operating system support in After Effects, Adobe Premiere Pro, and Photoshop Extended.

Breakthrough performance with the Adobe Mercury Playback Engine—Experience fast effects processing and rendering on both laptop and desktop computers with the native 64-bit, multicore, GPU-accelerated Adobe Mercury Playback Engine in Adobe Premiere Pro.

Broad format support in Adobe Premiere Pro—Maximize the efficiency of your file-based workflow and edit virtually any format, including DV, HDV, RED, DPX, Sony XDCAM, XDCAM 50, XDCAM EX and XDCAM HD, Panasonic P2, DVCPRO HD, AVCHD, AVC-Intra, and footage from DSLR cameras.

Groundbreaking motion graphics with After Effects—Create motion graphics and visual effects with industry-standard After Effects. Rotoscope quickly with Roto Brush, reduce unwanted camera movement with Warp Stabilizer, and create photo-realistic lens blurs using Camera Lens Blur. Deliver to broadcast, film, online, and to mobile devices.

Rich 2D and 3D images with Photoshop Extended—Magically remove objects with Content-Aware Fill in Photoshop Extended. Paint with lifelike brush strokes and use creative 3D tools. Roundtrip images and motion-based content to Adobe Premiere Pro, After Effects, and Encore.

Advanced audio-for-video editing in Adobe Audition—Record, edit, mix, master, and sweeten audio with Adobe Audition CS5.5—now available for both Mac OS and Windows®. Roundtrip edit with Adobe Premiere Pro CS5.5, or use OMF and XML to speed up project exchange with Avid Pro Tools and other NLEs.

Fast, reliable encoding for the multiscreen environment—Output your work for computers, smartphones, tablets, and television with Adobe Media Encoder CS5.5. Use intuitive presets and contextual menus to set up sequences once for multiple formats, and batch encode while you keep editing.

Timesaving integration—Save time on every project thanks to deep integration, roundtrip editing, and Dynamic Link, which eliminates intermediate rendering as you refine assets between After Effects, Adobe Premiere Pro, and Encore.

Compatibility with large-scale workflows—Work with multiple NLEs thanks to roundtrip editing between Adobe Premiere Pro and Final Cut Pro or Avid. Leverage industry-standard formats, such as AAF, EDL, OMF, and XML, to integrate with a variety of systems.

Adobe Integration with CS Live online services*†—Collaborate with Adobe Story a powerful scriptwriting tool. Initiate reviews and collect feedback on dailies, storyboards, and edited works in progress with Adobe CS Review and Acrobat.com.
