Ultra-Small Storage with Huge Personality

Lexar offers a comprehensive line of high-performance USB flash drive products designed with a wide variety of features, capacities, and capabilities. With so many options, it's easy to find the perfect Lexar JumpDrive® product to fit your needs and lifestyle.

Lexar JumpDrive FireFly is an ultra-portable USB flash drive that provides a convenient solution for storing, transferring, and sharing multimedia and more. It's ideal for storing lots of great pictures, your favorite music, and important files. JumpDrive FireFly is available in 1GB, 2GB, 4GB, 8GB, and 16GB capacities.

More Than Just Good Looks

Serious Storage in a Stylish Design. Behind those cool colors lies the heart of all your information. The Hi-Speed USB JumpDrive FireFly has a simple plug-and-play design that allows you to quickly and easily transfer and store digital documents, photos, MP3 files, and video clips. So wherever you go, your information goes with you.

Great Features. In addition to its attractive design, JumpDrive FireFly also has a protective cap for security and a cool blue tail light LED that blinks during data transfer so you have confidence in knowing when the job is done. JumpDrive FireFly also works across platforms, giving you complete flexibility and ease of use.

Includes Valuable Free Software. Transform your JumpDrive FireFly into your personal PC on the go! The drive comes pre-loaded with a free 30-day trial of Dmailer V7 software, which enables you to easily backup and synchronize all of your files, including Microsoft® Outlook® and Outlook Express.* And with 128-bit AES encryption, you can work with files and surf the web securely, knowing no trace of your session will be left behind.

Pick One to Meet Your Needs. Created to meet your specific needs, JumpDrive FireFly comes in five stylish colors for its five varying capacities—up to a whopping 16GB of storage. It also serves as a fashionable accessory and comes with a key chain hole so it can be easily tethered onto a key ring, attached to a backpack, or hooked to a purse or briefcase. With great features, innovative trial software, and a range of colorful capacity options, Lexar JumpDrive FireFly is an ideal solution for easily storing and transferring all your files, photos, video, and more.

*Dmailer software is only compatible with Windows 2000, XP, and Vista.

Actual usable memory capacity may vary. 1MB equals 1 million bytes; 1GB equals 1 billion bytes.
