

The end of Windows XP

On April 8, 2014, Microsoft will end support for Windows XP* which means critical updates, patches, and technical assistance will no longer be available. This could mean security risks and compatibility issues for you and your business PCs.

Goodbye Windows XP. Hello Windows 8.

Now is the best time to put a new class of fast and fluid Windows 8 Pro PCs to work for you. Get it all done faster, safer and easier than you ever imagined with an innovative line-up of tablets, convertibles, laptops and PCs.

It's about time

Start faster, launch programs faster, and open files faster with Windows 8 Pro.

Security comes standard

Windows 8 Pro helps protect your business better than Windows XP Professional* ever did.

An easier way to work

Even the simplest tasks like searching for files, opening apps, and sharing documents are easier with Windows 8 Pro.

There's no comparison

Windows 8 PCs simply outwork Windows XP devices. They are faster, more secure, and take full advantage of today's cutting-edge technology.

	Windows XP Professional	Windows 7 Professional	Windows 8 Pro
Productivity	Start Screen with live tiles bring everything you care about front and center		■
	Great apps built-in such as Mail, Calendar, Messaging, and SkyDrive, with many more available at Windows Store		■
	Snap, Peek and Shake features improve multi-tasking and saves time	■	■
	Look through apps, documents, and your entire PC with one, simple Search		■
	Works with Windows desktop software , including the full Microsoft Office experience (Outlook, SharePoint Designer and more)	■	■
Run many older Windows XP productivity apps with Windows XP Mode		■	
Security	Includes Internet Explorer 10 for more secure, fast, intuitive browsing		■
	Trusted Boot helps ensure your device is secure every time it starts up		■
	Provides enhanced data protection with BitLocker and BitLocker To Go drive encryption to help keep your information secure		■
Mobility	Enables you to connect to your PC when you're on the go with Remote Desktop	■	■
	Access important network files, even when you're not connected with Offline Files	■	■
	Location Aware Printing automatically prints to the correct network printer, whether at home or at work		■
Control	System reset/refresh lets you easily reset your PC to original manufacturer settings with one click		■
	Connect to your business network with domain join and manage devices, security and IT policies on multiple PCs through Group Policy	■	■

Apps from the Windows Store; vary by market *Service Pack 3 (SP3)

Make the move

Don't wait. Call us today, and move your business to a new Windows 8 Pro PC now. You'll not only minimize your effort for each machine you migrate, you'll also minimize lost productivity and cost. So what are you waiting for? Leave Windows XP now, and put the power of a Windows 8 Pro PC to work for you.
