

# Business professionals, it's a most glorious day.

## One great offer. Two outstanding products.

Get up to **15%** back on ERP<sup>1</sup> when you purchase Microsoft Office Visio Professional 2007 or Microsoft Office Project Professional 2007. Act now to take your company to new heights. The SUPER PROMotion is only valid through March 27, 2009<sup>2</sup>. For details, visit <http://www.microsoftincentives.com/SuperPro>

For a limited time, get up to **15%** back on ERP in partner subsidy funds when you purchase at least 10 Microsoft® Office Visio® Professional 2007 or Microsoft Office Project Professional 2007 licenses through a new or true-up Enterprise Agreement or Select License Agreement with Software Assurance. Use your subsidy funds to purchase additional software and other great services to help grow your business. You'll also receive all the valuable training and support benefits of Software Assurance for free.

The **SUPER PROMotion** is the perfect opportunity for you to enjoy the latest versions of two great Microsoft products. Office Visio Professional 2007 makes it easy for IT and business professionals to visualize, analyze and communicate complex information, systems and processes. Office Project Professional 2007 helps you control project work, schedules, finances and much more — so you can be more productive and efficient at your job.

### Office Visio Professional 2007

#### Exploring complicated information just got easier.

Office Visio Professional 2007 drawing and diagramming software helps IT pros and business professionals create business and technical diagrams that document and organize complex ideas, processes and systems. With diagrams created in Office Visio Professional 2007, users can visualize and communicate information clearly, concisely and effectively in ways that text and numbers cannot. Office Visio Professional 2007 also automates data visualization by synchronizing directly with data sources to provide up-to-date diagrams, and it can be customized to meet the needs of any organization.

For more information about how Office Visio Professional 2007 can help your business communicate better, visit <http://www.visiotoolbox.com>

### Office Project Professional 2007

#### The right tool to easily and effectively manage your projects.

Office Project Professional 2007 helps project managers easily plan and manage projects, and communicate project status to stakeholders. The right blend of usability, power and flexibility in Office Project Professional 2007 makes it a robust, easy-to-use project management tool.
