

VMware vShield Data Security Promotion

Receive a free 50-VM pack license for vShield Data Security with a qualifying VMware vSphere purchase

Increase Data Protection and Compliance at No Additional Charge

Free 50-VM pack license
with qualifying vSphere purchase

Reduce the risks of data theft and leakage by scanning files and virtualized workloads for sensitive data, such as credit card information, with VMware vShield™ Data Security. It reports violations of regulations (such as PCI-DSS), enabling your IT organization to quickly assess your state of compliance. As part of the VMware vShield product family, it helps provide comprehensive protection for your virtual datacenters and cloud environments, while accelerating compliance. This promotion enables eligible customers to receive a 50-VM pack license for vShield Data Security at no additional charge with a qualifying VMware vSphere™ purchase.

For more information regarding this promotion visit

The VMware vShield Data Security promotion is effective June 15, 2011 through September 15, 2011 at midnight Pacific Time (PT).

Terms and Conditions

- Promotion is valid for eligible orders received by VMware between June 15, 2011 through September 15, 2011 at midnight Pacific Time (PT).
- Purchases of most vSphere SKUs, vSphere Acceleration Kits and upgrades between vSphere editions and kits are eligible for this promotion, except for vSphere Essentials, Essentials Plus and Essentials Plus for Retail and Branch Office kits and upgrades.
- Only one eligible order will receive a perpetual license for a 50-VM pack for vShield Data Security and 12-months of Basic Support and Subscription for vShield Data Security at no additional charge. The 12-month vShield Data Security Basic Support will start from the date of customer's redemption of their vShield Data Security promotion offer. The promotion is limited to only one (1) eligible order per customer. At the end of the 12-month Basic Support and Subscription period, the customer may renew the Support and Subscription services at then-current pricing and policies.
- Customers must redeem vShield Data Security by November 30, 2011, at midnight Pacific Time (PT).
- A vShield Data Security promotion notification email will be sent to eligible customers within 30 days of vShield Data Security general availability or within 30 days after the eligible order is placed, whichever is later.
- This promotion is available to all commercial, academic, and U.S. Federal end-user customers who place an order containing an eligible SKU through a VMware authorized reselling partner, via the VMware website or directly with VMware. This promotion is not available to customers ordering from EMC or to customers whose orders are fulfilled through EMC. OEM partners and service providers ordering directly from VMware are also ineligible, except for orders via Enterprise License Agreements or purchase orders where the customer's name, address, email address and ship-to information is provided to VMware.
- Qualifying vSphere purchase is eligible for VMware Volume Purchasing Program (VPP) or VMware Transactional Purchasing Program (TPP) discounts.
- Prices of eligible SKUs may vary by regions and resellers.
- VMware reserves the right to change or cancel this promotion at any time.
- This promotion cannot be combined with any other promotions or discounts for the same product.
- VMware is not responsible for lost promotion emails or customer's incorrect email addresses.
