

## CDW Canada advances on the FP500 list

**Etobicoke, Ont., - June 28, 2016** - [CDW Canada](#), a leading provider of technology solutions to business, government, education and healthcare, is pleased to announce it advanced to No. 409 on this year's FP500 list, up from No. 424 in 2015. The FP500 is an annual listing of the 500 largest corporations in Canada based on revenues from the previous year.

Additionally, its parent company, Vernon Hills, Illinois-based [CDW Corporation](#), advanced on the annual Fortune 500 list, which ranks America's largest corporations by revenue. CDW rose to No. 220 in 2016, up from No. 253 in 2015. Fortune 500 also ranked CDW as No. 17 in Illinois and No. 3 in the information technology services industry.

CDW's position on this prestigious list is evidence of the company's successful strategy execution, with well-orchestrated IT solutions that help their customers address their complex business challenges and achieve their goals. With a team of dedicated technology experts and numerous relationships with leading and emerging technology vendors, CDW is well-positioned to serve its customers in international markets.
