

CDW & ViewSonic

Proven leaders in classroom solutions

As a leader in interactive education solutions, ViewSonic delivers a complete portfolio of innovative products to meet the needs of 21st century learners through CDW and OECM

- ✓ 30-year heritage of developing award-winning products
- ✓ Future-ready solutions are also compatible with school legacy products
- ✓ Professional development includes training videos, live virtual training, and on-site demos
- ✓ Ergonomic designs, adjustable stands, and a range of product sizes
- ✓ Compatible with multiple operating systems including Google, Microsoft, and Apple

“ To be honest I haven't seen a whole lot of technology deployments in classrooms that have had a better response ”

– Mike Vollmert, District Director of Technology, Rio School District
