

MAKING UP LOST TIME WITH CLOUD SOLUTIONS.

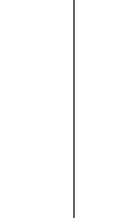

Yesterday's processes just don't work for today's workforce. Mobility has opened new doors, and employees are on the go more than ever. With the right cloud solutions, they can collaborate seamlessly and work reliably and securely wherever they may be. And the time they save adds up to big gains in productivity.

THE STATUS QUO IS A NO-GO

42 HOURS
The amount of time the average commuter wastes in traffic each year.¹

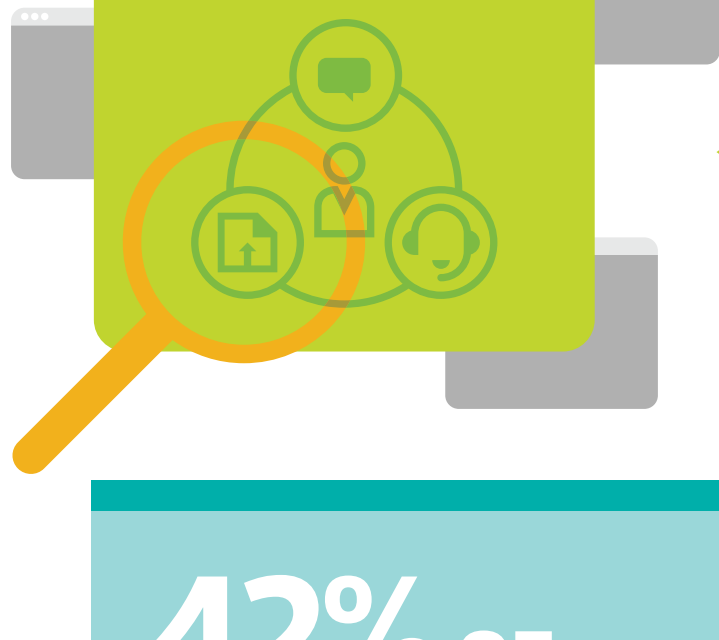

4.5 HOURS
The amount of time the average employee loses in general status meetings each week.²

MOBILITY IS THE NEW NORMAL

67% OF EMPLOYERS allow employees to work from home at least part of the time.³

WITH SaaS, MOBILITY BRINGS EFFICIENCIES

UP TO 75% of the time wasted on process inefficiencies can be eliminated with a collaboration solution.⁴

42% OF BUSINESSES say the cloud has transformed their business by enabling their mobile workforce.⁵

70% OF BUSINESSES report that cloud implementation has successfully helped them reduce costs.⁶

THE CLEAR SOLUTION

Software as a Service (SaaS) delivers fully developed software to your employees using their web browser. So they can utilize the complete range of solutions you offer anywhere they have an Internet-connected device.

In addition to maximizing productivity and business performance, you'll eliminate the infrastructure expenses of hosting applications on-premises. Plus, SaaS is flexible and scalable so you can quickly increase or decrease deployment. Our SaaS offerings include:

- OFFICE PRODUCTIVITY AND CONTENT COLLABORATION**
 Word processing, spreadsheet and presentation tools support everyday job tasks and simplify document management and team collaboration.
- COMMUNICATION AND COLLABORATION**
 Connect your workers in and out of the office with cloud-based telephony, conference, instant messaging and social media resources.
- SECURITY AND BACKUP**
 Cloud-based email security and web filtering – along with cloud storage and backup – can help you protect your data wherever it goes.
